

26-30 SEPTEMBER 2022
**EUROPEAN SUSTAINABLE
ENERGY WEEK**

EUSEW 2022 - Event description

The [European Sustainable Energy Week \(EUSEW\)](#) is the biggest event dedicated to renewables and efficient energy use in Europe and is organised by the European Commission's Directorate-General for Energy and the European Climate, Infrastructure and Environment Executive Agency (CINEA). This year, EUSEW will take place in a hybrid format*, online and onsite in Brussels, on 26-30 September 2022 under the theme "*Going green and digital for Europe's energy transition*".

The European Sustainable Energy Week consists of a 4-day Policy Conference, the European Sustainable Energy Awards Ceremony, the Energy Fair, Energy Talks and the third European Youth Energy Day. Participants will also have access to independently organised Sustainable Energy Days, taking place online and physically around the world, from June to September 2022.

For updates on the agenda and location of the events please refer to eusew.eu and [@euenergyweek](#) on social media.

**Due to the uncertainties linked to the current pandemic, this year's edition is planned to have a hybrid format where participants and speakers can attend both onsite and online, with the possibility of reverting to a fully digital format if the conditions do not allow a physical presence at the event.*
